Art,

The attached are responsive to the FOIA request. They include deliverables (we have so far) in response to AOC paragraphs 19 (work plans), 24 (daily progress reports to date).

No revisions have yet been submitted per paragraph 20, but those that are due to be resubmitted will be due on 25 February 2011. The Final Report (per para. 25) is not due for a while-60 days after all Work required by the AOC is complete.

I'll send their Health and Safety Plan (per para. 21) separately as it's a series of files totalling about 9 MB.

Note that today I provided WMH with comments on their first set of deliverables via e-mail. The request does not ask for EPA docs, but realize I have that, and if you communicate with requester, and they want it, I can e-mail it to you.

This is a Freedom of Information request. Do you know where I can get a copy of this document?

"... This request includes but is not limited to those reports and work plans identified in the Administrative Order on Consent for Removal Action, dated January 25, 2011, paragraphs 19, 20, 21, 24 and 25. ..."

Hmmm... from CERCLIS, I see Bret Moxley's name listed as the OSC for this site. I will ask him.

Thanks.
